

Voces Latinas

Health · Prevention · Empowerment

Voces Latinas aims to empower, educate, uplift, and advocate for the Latine* population. On their site, find resources for mental health, domestic violence, sexual health and wellness, workforce development and general healthcare services

BLACK HEALTH

National Black Leadership Commission
on Health

The NBLCH is dedicated to reducing health disparities affecting the Black community. On their site, find resources for breast cancer, cardiovascular disease, diabetes, HIV, mental health, obesity & sickle cell disease.

Minority Health Resources

WE THE PATIENTS

apicha
community health center

APICHA works to improve the health of minority communities by providing quality care and support services. They offer a variety of services including primary health, dental health, family planning, health insurance enrollment, and more.

SACSS

South Asian Council
for Social Services

SACSS's mission is to empower, integrate and help underserved South Asians. SACSS offers aid in health insurance enrollment, understanding health plans, food security, job preparedness, support for seniors, and more.
